

## **ENVIRONMENTAL POLICY**

Glanville Cleansing Ltd T/A Glanville Environmental recognises that its business activities interact with the environment in a variety of ways. These activities have a significant impact in the key areas of:

- Emissions to air
- Releases to water
- Waste management & land contamination
- Use of raw and natural resources
- Water & Electricity use

The Company recognises that it has a responsibility to help protect the environment wherever it has an opportunity to do so, be a responsible neighbour and to provide a comfortable environment for its employees to work in.

As such, the Company is committed to:

- Continual improvement in the environmental impact of its business activities.
- Improving the environmental benefits provided by its services.
- Preventing pollution.
- Complying with all relevant legal, customer, and other third-party requirements.
- Adopting best practices applicable to its activities wherever practicable.

The Company will achieve these commitments by:

- The implementation and maintenance of an Environmental Management System that is independently certified as compliant with ISO 14001:2015.
- Employing processes that identify the aspects of the Company's business that have an environmental impact and quantifying the significance of each aspect.
- Maintaining an environmental performance improvement programme to enable the objectives to be achieved.
- Ensuring that its employees, suppliers and customers are aware of their role in supporting the Company's commitments and environmental objectives.
- Training its employees in good environmental protection practices and encouraging employee involvement in environmental improvement initiatives.
- To strive for continual improvement in overall environmental performance.
- Continually monitoring the environmental impact of its business activities.
